

Life In Motion Institute  
Helping People Achieve Their Full Potential

## Complimentary Financial Review

**We are expanding our services!**

I am now training to become an independent financial advisor for Primerica Financial Services, a member of Citigroup. In order to complete my training, I need to provide a full analysis to at least 10 families with the support of my coach.

Please note the following:

- There is **no cost involved** to receive this service. This is a financial review of your current situation at no cost to you!
- You will receive suggestions on things you could do to improve your situation. These are just suggestions **you decide what you want to do**.
- **You are not obligated to share any other person's name or phone number** in order to get the service. You just recommend a person if you think this is valuable service for you and them.
- **Financial reviews are** not only for rich people, it is a good tool for **people with money, some money or no money**. It is about presenting you a clear picture of where you are today and suggestions on how to improve your personal situation according to your financial needs and goals.

Please think about it and let me know if you or someone you know may be interested in receiving this service. Please forward this message to anyone you think may benefit from this opportunity.
